MEET US!

Hello! We Are...

JIAKERZ

We're two friends who share one very simple love... food!

Our Jiakerz journey began with our shared love for discovering, eating and talking about good food.

With one of us studying Food Science and the other passionate about baking and cooking, we often found ourselves exploring new places and sharing our thoughts on what we ate.

That eventually became Jiakerz! A space where we share places we genuinely enjoy in our own way.
